

Pupil Premium Strategy Statement

Smallwood CE Primary 2023 / 2024 Strategy and Budgeted spend

Smallwood CE Primary 2022/2023 Report

Smallwood CE Primary 3 year Strategy

The pupil premium is additional funding given to publicly funded schools in England to raise the attainment of disadvantaged pupils and close the gap between them and their peers.

Pupil premium funding is available to both mainstream and non-mainstream schools, such as special schools and pupil referral units.

Funding for 2023 to 2024

The PPG per-pupil rate for 2022 to 2023 is as follows:

Disadvantaged pupils	Pupil premium per pupil
Pupils in year groups reception to year 6 recorded as Ever 6 free school meals (FSM) as well as eligible children with no recourse to public funds (NRPF) pupils in these year groups	£1,455
Pupils in years 7 to 11 recorded as Ever 6 FSM as well as eligible NRPF pupils in these year groups	£985
Looked-after children (LAC) defined in the Children Act 1989 as one who is in the care of, or provided with accommodation by, an English local authority	£2,530

3. Barriers to future attainment (for pupils eligible for PP)

In-school barriers (*issues to be addressed in school, such as poor oral language skills*)

A.	Social and emotional needs which affect pupils' learning	
B.	To improve attainment and progress in reading and writing for pupils entitled to the Pupil Premium.	
C.	To improve attainment and progress in maths for pupils entitled to the Pupil Premium.	
D.	To identify specific barriers to learning and social and emotional development for individual pupils and find ways of overcoming these barriers specific to COVID	
E.	To provide financial support for trips, extra-curricular activities and other school costs and opportunities – cost of living crisis will 'draw' more families into need.	
External barriers (<i>issues which also require action outside school, such as low attendance rates</i>)		
F.	To work closely with families to improve attendance and punctuality.	
4. Desired outcomes – Teaching/Outcomes/Wider Approaches		
	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
A.	To support pupils' social and emotional provision through access to appropriate interventions.	PP pupils gain in confidence and resilience. Demonstrated by greater engagement in school activities both academic, physical and artistic. Improved friendships and emotional management. Entry and exits assessments completed for those who participate in ELSA interventions. Selected pupils to have weekly support through nurture based support.
B & C	To improve attainment and progress in Reading, Writing and Maths for pupils entitled to the Pupil Premium.	75%+ of PP pupils achieving accelerated progress in Maths, Reading and Writing in the majority of classes. That they make progress in line or beyond that of the majority of the rest of the class.
D.	To identify specific barriers to learning and social and emotional development for individual pupils and find ways of overcoming these barriers.	<p>Pupils who require support to be provided with ELSA support and appropriate small group interventions to build better emotional resilience and regulation. Look at IT poverty and how we can support this and address online safety. Introduce nurture support for specific pupils.</p> <p>Train and deliver nurture provision for specific pupils as a focused intervention for those with particular social, emotional and behavioural difficulties which are creating a barrier to learning within a mainstream class and those pupils then integrating fully back into their 'home classes and being enabled to develop friendships and secure relationships which are appropriate, equally matched and thereby raising their academic achievement due to increased understanding of others, improved self-confidence and better communication skills.</p>
E.	To provide financial support for trips, extra-curricular activities and other school costs and opportunities to ensure inclusion. Reflecting this position may change over the year as impact of the cost-of-living crisis takes hold.	Improved wellbeing and friendships for PP pupils as a result of inclusion with peers in a wide range of activities through developing cultural capital.

F:	To work closely with families to improve attendance and punctuality.	90% of PP/PP+ pupils to achieve attendance of 95%+ and 95% + on-time arrivals for each school day. Addressing post Covid dip in attendance.

Statement of Intent

Rationale

Smallwood CE Primary Academy is committed to providing the best possible education for every individual pupil. We have high aspirations and expectations for all of our pupils and we believe that no child should be left behind. This includes making appropriate provision for pupils who belong to vulnerable groups including those who may be socially disadvantaged. We believe that it is not background that is important but a child's passion and thirst for knowledge, and dedication and commitment to learning that make the difference between success and failure. Consequently, we are determined to ensure that all of our pupils are given every opportunity to realise their potential.

Background

Pupil Premium funding is a government initiative that targets additional support at pupils from deprived backgrounds. This is because research has shown that such pupils underachieve compared to other pupils. The money is provided to ensure that schools are able to support these pupils in achieving their full potential. The government have used pupils who are entitled to free school meals (FSM) as an indicator of deprivation and they allocate a fixed amount of money per pupil to schools each financial year based upon the number of pupils who have been registered for FSM at any point during the previous six years. An amount of money is also allocated to children who are looked after (LAC) and service children. The government does not dictate how this money should be spent but schools are expected to employ strategies that they are confident will 'diminish the difference' in attainment between those pupils which are considered to be deprived and those who are not. Schools are accountable for this allocation of resources and must demonstrate that pupils in receipt of Pupil Premium achieve well compared to other pupils. The funding is also used for the promotion of Extended services to raise aspiration e.g. residential trips annually and for widening pupils' awareness of the wider cultural diversity e.g. trips, visitors to school.

Key Principles

By following these key principles we believe that we can maximise the impact of our Pupil Premium spending:

High expectations

Providing a culture where staff believe in all children and no excuses are made for underperformance. We will strive to overcome barriers to learning for pupils and give every individual the best possible chance of success.

High Profile

Diminishing differences in attainment will receive the highest priority in school. We adopt a whole school approach with all staff involved in identifying pupils in need and the barriers to their learning. Pupil premium profiles are completed each term.

Early Intervention

We recognise that high quality early years provision with a strong emphasis upon developing early reading and number skills is crucial to all pupils, but particularly those who have experienced disadvantage in early life.

Inclusive Provision

We acknowledge that pupil premium pupils are not always socially disadvantaged and at risk of underachievement. Likewise, there are many pupils that we would consider to be vulnerable that are not in receipt of pupil premium funding and do not receive this additional funding

High Quality Teaching and Learning

We recognise that the biggest factor in high standards of pupil attainment is high quality teaching and learning. We will continue to ensure that all pupils receive good teaching. We will ensure consistent application of key elements of teaching and learning such as planning, marking and assessment and carry out moderation activities to reinforce this. We give high priority to our appraisal systems for teachers and teaching assistants and ensure that high quality professional development is available to all staff.

Emphasis on Basic Skills

We will concentrate our spending on achieving the highest possible standards in English and mathematics. This may be in the form of direct teaching and intervention or may be indirect through improving attendance, behaviour or access to resources and support. We place the highest Importance on the breadth of the curriculum. Pupils must access the very broadest opportunities.

Strategies

Identifying Need

Staff will assess the progress of PP pupils regularly. Pupils will also be consulted and asked how they feel they are progressing and if there are any areas in which they feel need additional support.

Identifying barriers to Learning

We recognise that pupils can experience many barriers to their learning and that these barriers can be long term or of a more short term nature. We believe that it is vital that these barriers are identified and addressed in order for pupils to achieve their maximum potential. Analysis has shown that typical barriers may be:

- attendance and punctuality issues
- lack of support at home
- weak language and communication skills
- behaviour and emotional difficulties
- low confidence and self-esteem
- lack of resources to support homework

Use of Data

We acknowledge the importance of data and all staff are involved in its analysis so that they are aware of strengths and weaknesses across the school.

- Performance data is analysed each term in order to evaluate the performance of all pupils. Comparisons are made between pupil premium and non pupil premium pupils within the school. This data is used to provide school improvement targets
- Pupil Premium pupils are clearly identified on our school's tracking system and their progress in reading, writing and mathematics is tracked at least termly.
- Data is used to monitor progress against annual targets. Pupils who are not making expected progress will be identified to receive specific interventions aimed at accelerating their progress.

Provision

We recognise that all of our pupils are individuals with varying needs and as such we employ a wide range of strategies aimed at ensuring that they achieve the highest standards of attainment. Provision is changed annually according to need. Our provision includes:

- Small group interventions
- Support with speech and language in the early years.

- SATs booster classes
- High quality feedback from staff
- Activities to support aspiration of pupils

Reporting

We will ensure that we comply with guidance on reporting the use of Pupil Premium issued by the Department for Education by publishing the following information on our school website:

- Our Pupil Premium strategy
- Our Pupil Premium Expenditure Report for the previous academic year detailing how the funding was spent and the impact that this had.
- Our Pupil Premium spending for the current academic year detailing how the funding is to be spent.
- The head teacher provides reports to the Governing Body on how effective provision has been in achieving its objectives.
