Mind

Body

Soul

Website address: www.smallwood.cheshire.sch. uk

Dear Parents and Carers,

We have achieved so much this week at Smallwood. It has been super wandering around school seeing so much brilliant learning and some of the writing I have seen has been very impressive!

Some of our Year 1 and 2 children attended an Indoor Athletics event on Wednesday and did a fabulous job and finished in 3rd place. Our sports teams are achieving wonderful things this year and it's lovely to see their teamwork and sportsmanship.

Next week, we are doing our special week, "Mind, Body and Soul." We have got a lot of visitors booked in and the children will be immersed in online safety, keeping themselves safe in the community, and looking after their minds and bodies.

At this moment in time, our website is still "down" and we are having regular updates from School Spider. This appears to be an issue out of their control and is currently being worked on.

Have a lovely weekend!

Iestyn Lewis

Mind, Body and Soul'

This year, during our special week, we are going to focus on digital and online safety, keeping ourselves safe whilst out and about and keeping our minds and bodies happy and healthy. We already have a lot booked in, including our local PCSOs for safety talks, ASM for exercise and activity, yoga, mindfulness and meditation instructor, a theatre production and much, much more! The week is planned to take place from Monday 13th February to Friday 17th, just before half term. Anne-Marie is leading Worship on Tuesday morning and has asked, if you have one, to send your children into school with an eye-mask.
