

Reception Knowledge Organiser

Spring 2 - Down at the bottom of the garden...

Summary

We will learn:

- The four seasons
- What plants need to grow
- How we can look after our environment
- British wildlife

Vocabulary

season	One of the four parts of the year; spring, summer, autumn and winter.
seed	The small part of a flowering plant that grows into a new plant.
plant	Plants are living things that grow from the soil and turn light from the Sun into food.
environment	Everything that surrounds a particular type of living thing and affects growth and health.
experiment	A carefully planned test used to discover something unknown
wildlife	Wild animals that live free of humans.
habitat	The natural environment of an animal or plant.
